At Ysgol Llanfyllin, we are committed to encouraging our pupils to lead active and healthy lifestyles. We believe that healthy children are best able to take full advantage of the educational opportunities that the school provides. We encourage a whole school community approach to food and fitness. Food and Fitness is a positive and protective part of the Curriculum for Wales. The Headteacher, staff and Governing Body will do their best to ensure that food provided in the school and advice given to pupils promotes a healthy and active lifestyle. The Welsh Government is determined to help secure, maintain and improve the health of young people with the introduction of minimum nutritional standards for school meals and by improving the range and quality of opportunities for physical activity available to pupils. We are committed to providing high quality PE lessons and health related exercise and work in partnership with external bodies, providers and organisations, as necessary and relevant to the needs of pupils.
